

**DARLING DOWNS
FIRST AID TRAINING**

COVID-19 Update

Darling Downs First Aid Training always maintains a very high Infection Control standard and has made the necessary adjustments to ensure our students and staff are safe during this period. We have conducted our risk assessment strategies to include the following:

- Reduced class size dramatically, very limited numbers per class
- Hand sanitizer on entering during and before leaving the building
- Using gloves prior to entering the class
- Face masks for mannequins even though they are sterile
- Hospital grade disinfectant and methylated spirits for cleaning of all furnishings and equipment after use this includes pens, clipboards and
- All door handles, knobs, taps, toilets etc are cleaned and sprayed with methylated spirits before class, on breaks, after class.
- Must adhere to social distancing and restrictions arising from the COVID-19

DO NOT ATTEND CLASS IF:

- You have traveled overseas prior to course date – you must have medical clearance
- Come in contact with someone that has tested positive for COVID-19
- Showing symptoms of any respiratory illness or cough, fever, shortness of breath, runny nose
- Generally feeling unwell

PLEASE RING PRIOR TO BOOKING ON LINE AS NUMBER OF STUDENTS PER CLASS ARE VERY RESTRICTED.
